Education

ABES Engineering College, Ghaziabad

Expected 2027

B.Tech in Information Technology

Current CGPA: 8.02

Senior Secondary (12th)

2022

PTR PANDAY SIC

Percentage: 66%

Secondary (10th)

2020

DEV SANSKRITI GIC

Percentage: 79%

Skills

- **Frontend:** React.js, JavaScript, HTML, CSS, Tailwind CSS
- **Backend:** Node.js, Express.js
- **Database:** MongoDB, MySQL
- **Tools:** Git, GitHub, VS Code

Projects

- **AI Chatbot For Mental Health Support** — Developed an AI-powered mental health support chatbot using React.js and Node.js to provide real-time emotional support and conversation assistance.
- **MediCare AI — Healthcare Management Platform** — Built a full-stack healthcare platform with role-based dashboards, online appointment slot booking, and medical record management. Developed AI-assisted medical document summarization and prescription/document workflows. Designed relational PostgreSQL database using Prisma ORM and deployed the application on Vercel + Neon.
- **Smart Waste Tracking and Priority Management System** — Developed a smart waste management system to monitor waste bin levels in real time. Implemented a priority-based algorithm to schedule waste collection efficiently. Reduced unnecessary collection trips by optimizing collection based on bin status. Built using Java, MySQL, HTML, CSS, and JavaScript.

Achievements

- Solved 150+ LeetCode problems.
- 800+ problems completed on CodeChef.

Certificates

- Frontend / Full Stack Development — SkillUp
- Data Analysis (Microsoft & LinkedIn)
- CodeChef Certificate
- Problem Solving (Intermediate) — HackerRank
